C#, jQuery, Firebase, Git

Adobe CC

Photoshop, Illustrator,
InDesign, Lightroom, Premiere

Physical Prototyping & Mock-ups

3D printing, lasercutting, working
with wood/metal/plaster/resin etc.

PROJECTS

DESIGN & DEVELOP | Ongoing (2 weeks)

VR Meditation App - Bonsai Gardener Demo

Grow and sculpt your own bonsai tree, in a relaxing virtual environment.
Created using Blender and Unity for Google Cardboard and for the web.

More Info: <https://anne-elise.me/case-studies/bonsai.html>

UX UI & FRONT-END | 2018 (8 weeks)

houseplant

An online plant store for people with black thumbs.
I designed, tested, and developed an e-commerce site to help people plant shop confidently.

More Info: <https://anne-elise.me/case-studies/houseplant.html>

UI & CONSTRUCTION | 2015 (10 weeks)

Striptease

I worked in a team of 20 to create a provocative installation, blending both physical and digital design. I lead the design for the user interface, as well as helping with construction and design. The installation show was attended by over a hundred people and warmly received.

More Info (click on the striptease gallery link): <https://anne-elise.me/work.html>
